

Wolf Bay Lodge

**on Exclusive Phelps Lake,
Saskatchewan, Canada**

Discover Piketastic Fishing!

www.phelpslake.ca

Wolf Bay Lodge, established in 2000, is the only operation on remote Phelps Lake Saskatchewan hosting over 34,000 acres of water with over 300 islands. With a maximum of 12 anglers at any one time, the exclusive trophy Northern Pike and Lake Trout fishing is second to none.

The gateway city to Phelps Lake is Saskatoon, Saskatchewan where you will fly 80 miles North of Wollaston Lake to Wolf Bay Lodge just South of the 60th parallel.

Wolf Bay Lodge is a small informal camp providing all the comforts of home, including a pressurized treated water system, environmentally friendly solar power, and satellite communication.

Fish in 16-foot aluminum boats powered by environmentally friendly 4 stroke motors equipped with padded swivel seats, casting decks, depth sounders, and marine radio communication.

Retire for the night to your thermostat - controlled heated cabin with private washrooms.

The Fishing on Phelps Lake is world class with Northern Pike over 50 inches, and Lake Trout over 40 pounds caught every year. All fishing is barbless, and catch & release is always practiced.

An additional 15,000 acres of prime waters on portage and fly-out day-use lakes expand the horizon to Arctic Grayling and Walleye angling also.

The Mystery Trout of Phelps Lake may be a rare Arctic Char / Lake Trout Hybrid, or a new undiscovered species of trout. See www.phelpslake.ca for complete story.

With a 3 year running average of 11 trophy pike 40 inches and over caught by each guest, the quality of pike fishing is first class and unsurpassed. The chance to fulfill your 50 inch Pike Quest, or catch that fish of a lifetime, is on Phelps Lake.

Come and share this piece of Canadian paradise and discover the Piketastic Fishing Phelps Lake has to offer! I pledge to you my guest and friend, to make your trip a howling success and to provide personable service that only a small family operation can offer. Call me today to reserve your spot and feel the pull of a 40-pound water monster on the end of your rod!

Getting to Phelps Lake...

By Air:

Wheeled Plane - Saskatoon to Points North Return

\$815 per person

All Taxes & Fees Included

Charter or scheduled service depending upon group size and schedule

Float Plane - Points North to Phelps Lake Return

\$625 per person

All Taxes & Fees Included

DHC Beaver or Turbo Otter depending upon group size

- Air rates based upon 2006 prices and subject to change.
- All commercial air travel and hotel reservations can be arranged through our travel agent, Mike Bayda at Lobstick Travel. For low outfitter rates on airfare to Saskatoon and hotels, call Mike toll free at 1-800-665-0171.

Driving to Points North:

Drive to Points North and save the wheeled airfare. The drive is approx 530 miles (9 hours) north of Saskatoon on well maintained paved and gravel roads. There are many gas and rest stops along the way, along with countless streams and lakes. Detailed maps can be provided for those choosing to drive.

Season & Schedule:

Wolf Bay Lodge's season is ice out beginning of June through to freeze up end of September. Availability is limited to eight full-service guests or twelve self-service guests at one time. Book early as bed-space is limited and demand is growing. Please call for available dates.

Reservations:

A deposit of \$1000 per person at time of booking is required to confirm date selection, with balance due 60 days prior to trip departure. Wolf Bay Lodge accepts Visa, AMEX, money orders, checks, and cash. Cancellation refunds are available if made 90 days prior to trip departure date.
